

Expect Reading Excellence

¡En español!

Imagine Lectura unlocks comprehension of high interest, multi-disciplinary Spanish texts. Students in grades 3–5 rise to grade-level learning tasks as they practice critical thinking and effective communication in a flexible, research-based instructional routine.

Engage, Build, Grow

A LIBRARY TO LOVE

The heart of Imagine Lectura is a library of high-quality Spanish texts selected to pique student interest and grouped into thematic units to deepen comprehension and conversation.

INSTRUCTIONAL ROUTINE WORTH REPEATING

Each text in Imagine Lectura cycles through a proprietary, evidence-based instructional routine designed to increase students' capacity to unpack complex texts.

As familiarity increases, classroom educators are empowered to adapt the instructional routine to match their style and their learners' needs, all without compromising grade-level expectations.

SCAFFOLD UP WITH STUDENTS

Students with unfinished learning are equipped to interact with complex texts through:

- Explicit instruction in comprehension strategies
- Support for academic language development
- Multimedia scaffolding

Students' confidence in reading and responding independently to grade-level texts in Spanish surges as they experience positive learning outcomes.
