

National Lexile® Report 2022–2023

Imagine Language & Literacy is a digital learning tool designed to accelerate literacy skills and English language development. Data for students who used the Imagine Language & Literacy program during the 2022–2023 school year was analyzed to determine the association between program use and change in Lexile® level. Data for 22,120 students who had completed embedded Lexile® assessments in the Fall and Spring terms of the school year were analyzed.

Overall Average Lexile® Growth: 120

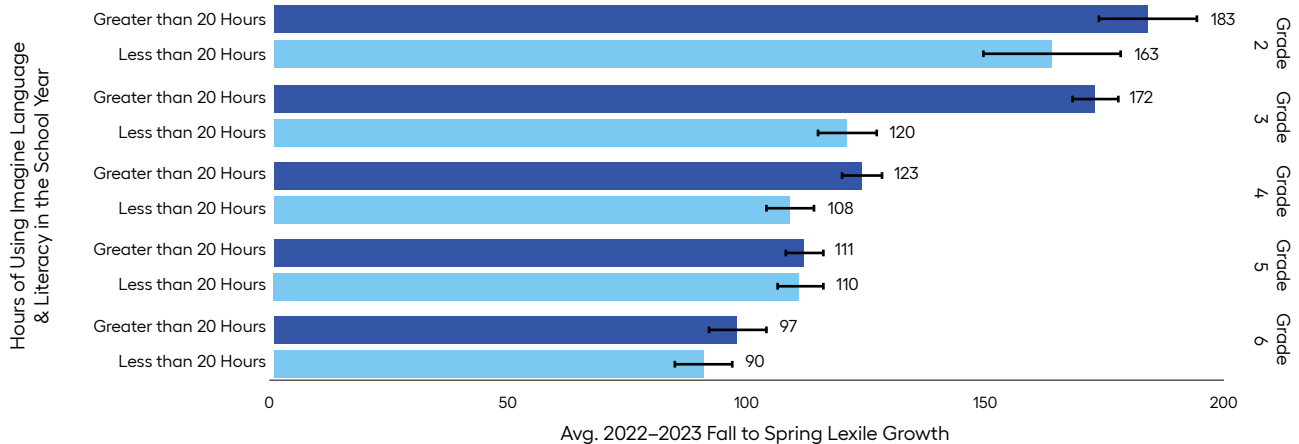

Figure 1. Average Lexile® Growth by Hours Using Imagine Language & Literacy

Growth by Maximizing Gains

Figure 2 demonstrates the effect of using Imagine Language & Literacy on Lexile® performance disaggregated by grade and by program usage. While growth was observed for all grades irrespective of usage levels, students with higher usage enjoyed greater gains on the Lexile® assessment.

Figure 2. Average Lexile® Growth by Grade and Hours Using Imagine Language & Literacy

Expected Growth

Table 1 summarizes the average Lexile score growth by grade that users of Imagine Language & Literacy experienced during the 2022–2023 school year. While this summary data provides a valuable reference point, significant variability should be anticipated due to differences in student characteristics.

Table 1. Average Observed Lexile® Growth by Grade

Grade	N	Average Annual Lexile Growth	Average Weekly Lexile Growth
2	672	183	5.9
3	2,952	172	5.4
4	3,794	123	3.8
5	3,491	111	3.4
6	1,419	97	3.0
